ATLAS ELEKTRONIK UK (AEUK) and ROYAL NAVY (RN) will be conducting Trials from the 31st May 2019 to 19th July 2019, in the area highlighted on the chart extract below. During the trials period, equipment will be deployed on the seabed in the Mobile Degaussing Range with seabed cables running in to the Northern Arm of Portland Harbour Breakwater. An Orange Flag will be flown to indicate that the range is in use and that the restrictions prohibiting anchoring and fishing are in force as described on Admiralty Charts 2268.

Deployment and recovery of equipment and cables will be carried out by QUEST 2 plus one Dive Support RHIB

During the trial, HUSSAR complete with various length tows and Trial Support RHIB will be transiting the area indicated.

Divers will also be operating in the area. A dive Support RHIB will be present when divers are in the water.

VHF channel 68 will be the working channel.

At key times, during operations involving HUSSAR, the SAFETY RHIB will transmit "SECURITE" warnings on Channel 74.

Mariners are requested to give all vessels a wide berth during operations.

This Notice is issued under the powers vested by the Portland Harbour Revision Order 1997.
